## FINANCIAL AND COMMERCIAL

### MARKET FLUCTUATED

New York, Aug. 8.—Two reactionary periods in today's stock market caused a general unsettlement of prices, but the undertone was strong and most losses were of a fractional nature. Inability of pools to attract an outside following at the higher levels, combined with profit-taking and a weakened technical position, encouraged the "bear" attacks, which were directed principally against the motor, oil and shipping.

Favorable overnight developments regarding the coal strike imported early strength, especially to the stock of coal companies and coal carrying railroads, but irregularity developed under heavy selling pressure in later dealings.

Several new highs for the year were recorded on the upward movements, notably by Omaha, Chicago and Northwestern. Pere Marquette and Lackawanna railroads, Corn Products, May department stores and Detroit Edison.

Weakness of shipping shares was ascribed to reports of a virtual abandonment of the ship subsidy bill. American International corporation dropping 3 points and Marine preferred about a point. Chandler and Studebaker also sold off on the assumption that they had lost their executive favor.

Mexican Petroleum fluctuated within a range of nearly nine points, closing at a net loss of six for the day. Royal Dutch, General Asphalt and other foreign oils reacted in sympathy despite the ratification of the Mexican debt agreements, which was believed would strengthen their positions.

Total sales were approximately 775,000 shares.

Foreign exchange rates were again reactionary on comparatively light dealings. Substantial improvement was noted, however, in Roumanian exchange, which was nearly double its quotation a week ago.

Call money opened at 3-1/2 per cent and hardened to 4 in the afternoon, the time loan market continued quiet with little change in rates. Some improvement was noted in the volume of business for prime bank acceptances.

### STOCKS

The following is a summary of the transactions on the New York Stock Exchange on 8 P. M.:

### BOND MARKET

New York, Aug. 8.—Strength of speculative railroad bonds was the outstanding development in today's bond market. Under the stimulus of heavy buying, the seven St. Paul issues reached new top levels for 1922 at average gains of one point, but they sagged slightly toward the close. Seaboard consolidated sixes and San Francisco adjustment sixes also broke through for new highs, while a good demand was noted for Chicago and Alton 3-1/2's, Missouri Pacific general 4's, Rock Island refunding 4's, New Haven debenture 6's and the Erie issues.

The Cerrito De Pasco 5's responded to the better prices for that company's stock while Pacific Gas and Electric company's 5's improved on publication of a good earnings report.

Mexican government issues, especially the 5's, tended upward an announcement that President Obregon had ratified the debt agreement, Brazilian issues, improved fractionally, but other foreign bonds were relatively backward. Liberty issues eased slightly on fairly active dealings.

Total sales (par value) were approximately \$12,341,000.

Two large industrial issues were offered today, \$4,000,000, six per cent, 30 year first mortgage sinking fund gold bonds, Series A of the General Refractories company, which were offered at 95-1/2 to yield 6.30 per cent, and \$2,000,000 5 per cent, 15 year first mortgage sinking fund gold bonds of the Wardman Park Hotel, Inc., of Washington, D. C., which were offered at par.

### LIBERTY BONDS

| U. S. Lib. 5's     | High   | Low    | Close  |

### CHICAGO GRAIN MARKET

Chicago, Aug. 8.—Renewal of tension over the railroad strike led to a little tightening up of values at times in the wheat market today. Business, however, lacked volume, and the price changes were narrow, a majority of traders holding off for the government crop report which was issued after the close and which proved to be about as had been expected. Final quotations on wheat were unsettled at 1-1/2c net decline to 1-2c gain, with September \$1.06 to \$1.06 1/2c and December \$1.06 1/2c to \$1.06 5/8c. Corn lost 1-2¢ to 7-8¢, oats finished unchanged to a shade lower, and provisions down 5¢ to 20¢.

Dealings in wheat were the smallest of the year, and it was more the desire of selling than the character of the buy-

ing that was responsible for what ever firmness developed.

Cash shortages complaints were more acute than heretofore, and aggregate receipts at Kansas City, Omaha, and St. Louis fell 225 carloads short of the total a week ago. On the other hand export demand was more both here and at the seaboard. It was assumed that cash shortages were offsetting wheat abroad, cheaper than was possible for exporters. Liberty receipts of corn here, together with anticipated enlargement of the government estimate on yield had a bearing influence on the corn market. Oats were neglected. Provisions reflected sharp downturns in the price of hogs.

### COTTON

New York, Aug. 8.—Spot cotton quiet middling 20.25.

### MONEY

New York, Aug. 8.—Call money steady; high 4; low 3-1/2; ruling rate 3-1/2; closing bid 4; offered at 4-1/2; last loan 4; call loans against acceptances 3.

### NORWICH TOWN

The Mantle of Charity was the theme of Rev. Gordon F. Bailey's sermon at the First Congregational church Sunday morning. The text I Peter 4:8. And above all things have fervent charity among yourselves; for charity shall cover a multitude of sins. G. Avery Ray and daughter, Miss Ruth Ray, of Springfield, Mass., assisted the choir, filling the places of tenor and soprano. During the Sunday school hour the opening exercises comprised a ten minute missionary programme, entitled The Boxes by the contest girls. Following this brief exercise, the Men's Forum convened in the church auditorium with the topic for discussion, The Place of a Church in a Community.

The service of the Young People's Christian Endeavor society was postponed in the evening a delegation of 54 members having united with the C. E. society of Franklin Congregational church, Herbert H. Hicks of Hartford, field secretary for Connecticut, was the speaker, taking for his subject, The Big Four of Christian Endeavor. The following committees, Lookout, Prayer Meeting, Missionary and Social, mentioning the work, etc. There was special music and singing. The meeting was attended by several visiting delegations.
